The TEN shall also provide the financial information required for the State Board of Education to set policies for the fair and equitable distribution and use of public funds and to monitor the distribution and expenditure of those funds.
 - (f) The TEN shall provide sufficient financial data to ascertain that all expenditures of education funds are properly accounted for in accordance with current law and State Board of Education rules, regulations, and minimum standards, and to make comparisons on a school and system basis.
 - (g) The Department of Education shall establish procedures for collecting and verifying average daily memberships for use in determining BEP entitlements. The Commissioner of Education shall require such reports and maintain such documents as will allow a comparison of BEP allocations with actual expenditures for each school system.
 - (c) The Commissioner shall provide to the State Board of Education on or before October 1 of each year a report of ADM for each school system for the previous school year.
 - (d) The Department of Education shall prepare and the State Board of Education shall approve estimated BEP allocations for each school system no less than 90 days prior to the beginning of the fiscal year.

 - (b) Revenue derived from local sources must equal or exceed prior year actual revenues - excluding capital outlay and debt service, and adjusted for decline in average daily membership (ADM).
 - (c) The Department of Education shall verify that BEP funds are being budgeted for eligible expenses and that BEP funds earned in the classroom components, as defined by the State Board of Education, are budgeted for use in the classroom. The Commissioner shall advise the State Board of Education of all systems which fail to meet these minimum standards.

- (4) Audit
- (a) An Internal Audit Section will be maintained in the Department of Education for the purpose of testing and evaluating school system administrative and accounting controls, compliance, and financial and program accountability for state and federally funded programs, and for compliance with State Board of Education rules, regulations, and minimum standards. The Internal Audit Section shall make such full and limited scope audits as it deems necessary under the circumstances, and special audits as requested by responsible government officials. The audits will be performed in accordance with standards for the professional practice of internal auditing and with generally accepted governmental auditing standards.
 - (b) To provide reasonable assurance that attendance and financial reports are reliable and accurate, the Internal Audit Section shall conduct audit procedures for the review and testing of the attendance accounting system. The Internal Audit Section shall review such programs as necessary to provide reasonable assurance that funds are properly accounted for and safeguarded in accordance with current law, applicable federal standards, and State Board of Education rules, regulations, and minimum standards. Audits shall include evaluating program objectives, grant performance and accountability to determine that each LEA has a system in place to ensure compliance with program regulations and guidelines.
 - (c) The Commissioner of Education shall be advised of all audits, including a summary of the scope of the audit, the findings, recommendations, management comments, and conclusions including a determination as to the adequacy of corrective action planned or implemented.
